WHY CHRISTY HOME CARE

A Standard of Care That Actually Shows Up.

- 1 Person First. Always.**
Every service plan is built around the individual's goals and vision — not what's easiest for an agency.
- 2 Nursing Oversight on Our Team**
A Registered Nurse is part of CHCS — providing health guidance and care coordination support for every placement we manage.
- 3 Confidence for Families & Case Managers**
Knowing a nurse is involved gives families peace of mind and helps Case Managers feel secure referring members with more complex needs.
- 4 Documentation You Can Trust**
Same-day T-Logs. Proactive monthly summaries to Case Managers. Clean, audit-ready records from day one.
- 5 We Move Fast**
Referral to placement in days — not weeks. Same-day responses. Immediate capacity available now.
